NATAL RETURN

Of the Country's Father Being Observed Appropriately in the Leading Cities.

MRS. FAIRBANK'S HONOR

Horrible Railroad Accident: Mrs. Baden-town, N. J., Caused by Neglect of Duty.

GERMAN'S RAID INTO CHINA IS OFF

Washington, Feb. 22.—Washington's birthday is being observed today by special exercises in the leading cities of the country. Washington's farewell address was read today in both houses of congress.

Trenton, N. J., Feb. 22.—There was a disastrous collision last night on the Pennsylvania road near Haddon-town. The engineer of an accumulation ignored his orders and thus caused the wreck. One of the trains was a passenger, which was crowded. Ten people were killed and fifty injured. The engineer whose neglect caused the collision was fatally hurt.

Washington, Feb. 22.—Mrs. Sen. Mrs. Fairbanks, of Indiana, has been elected president of the Daughters of the Revolution.

Berlin, Feb. 22.—It is semi-officially stated that the German expedition into China has been abandoned.

TWO CHARGES.

WALTER SMITH, COLORED, IS ACCUSED OF BREAKING INTO TWO CABOSES.

Walter Smith, colored, charged with breaking into an Illinois Central caboose, was held to answer one charge this morning, and a warrant was issued against him for breaking into another car.

He broke into cabooses belonging to both Conductors Harvey and Crow. In default of bond he went to jail on one charge and the other case is set for tomorrow.

THE CANAL TREATY.

RUMORED IN WASHINGTON THAT ENGLAND IS SATIS-FIED THEREWITH.

Washington, Feb. 22.—A rumor is current here in immensely well informed circles that the state department has been notified by Ambassador Choute that Great Britain will accept the amendments of the senate to the Hay-Pannecote treaty. The rumor can not be verified at this time.

NEWS AND COMMENT.

Petersburg, Ind., reports a double kidnapping. Two girls were stolen from a farm house by a man and woman.

A church in Cheshire, England, has two inscriptions over one of its doors. The first one reading: "This is the door of heaven;" the second, "This door will be closed during the winter months."

Burial in the cemetery at Sweet Water, Pa., was refused to the body of Ralph J. White, a socialist and murderer.

Arthur Milroy, of Chicago, lives though he has a bullet lodged in his brain. Physicians who know the case are greatly astonished.

Groves, McMillin, of Tennessee, Jeff Davis, of Arkansas, and Longino, of Mississippi, are members of the same hunting party forty miles below Memphis.

A Paris physician says grippe influenza is a serious cause of appendicitis.

WOMAN TO HANG.

Hannibal, Mo., Feb. 22.—Alice Neomacher, convicted of the murder of her husband by giving morphine to secure life insurance, was sentenced to hang Friday, April 11. An appeal has been granted, with leave to file bill of exceptions by June 1. She was not visibly affected.

CIRCUIT COURT.

The case of Gidman Brothers against May, Mrs. A. Ward, has been argued before Judge Husbands in circuit court today.

CLOSED LAST NIGHT.
REV. MR. MCDONALD'S MEETINGS AT THE FIRST PRESBYTERIAN CHURCH ARE OVER.

Rev. Dr. McDonald closed his meeting at the First Presbyterian church last night. He was called home to some sick people in his church. Large congregations greeted Dr. McDonald from the start, and he was heard with much delight throughout the whole series of sermons he made many warm friends during his sojourn here. Some solid and substantial people were added to the First church as a result of the meeting.

WILL BE BURNED HERE.

The remains of Mr. James Scott, of Hazelwood, Ballard county, who died yesterday at an advanced age, reached the city at 1 o'clock this afternoon and were laid to rest at Oak Grove. The deceased was an old confederate soldier and father of Mr. Will Scott, of the N., O. and St. L. He was also an uncle of Mr. Robert Reeves, the banker.

THROUGH THE LUNGS.

I. C. EMPLOYEE AT FULTON SHOT WITH A 44-CALIBRE PISTOL.

It is supposed a Drunken Man Shootingly Fired the Shot—Condition Serious.

Mr. H. R. Robertson, a night clerk in the Illinois Central freight house at Fulton, was brought to the city last night on the "cannon ball" in a serious condition from a pistol wound in the right shoulder.

He had started out of the depot at Fulton about 10:30 o'clock last night when somebody, presumably a drunken man, shooting at random in the dark, fired in his direction and a 44-caliber bullet plowed its way entirely through his body, striking him near the right shoulder and passing through the lungs. The wound was dressed there and he was brought to the city and taken to the railroad hospital, where his condition today is very serious.

Ed Smith, the restaurant keeper, was arrested this morning, charged with doing the shooting. Smith is a young man said to be something of a "bully," and it is alleged was drinking heavily yesterday and openly carrying his pistol about the streets.

Late in the afternoon he was whipped by a man from the country and it is said that this enraged him and in wandering about he probably happened to meet Robertson and shot him.

His trial is set for tomorrow at 10 o'clock.

The name of the man who whipped Smith is Hodges, and it is not known whether Smith shot Robertson thinking he was Hodges or not.

This afternoon the wounded man was resting as well as well could be expected at the railroad hospital, and if he survives thirty-six hours there will be hopes of his recovery.

Messrs. D. Olsonson and M. O. Payne brought the injured man to Paducah.

ALL FINED FOR FIGHTING.

No one opposes Paducah becoming

a village, so long as they could exist.
But it was over this with some peo-
ple.

If King Edward is to rule Great
Britain it is not too early for him to
begin showing his hand. There are
already indications that the people
propose to rule themselves partially at
least.

Mobocracy is becoming the law in
Kansas, and for that matter in some
other states. The saloon smashing,
shooting, rioting, etc., reported from
Kansas finds greater evils in the
lynchings and murders in other states.

The biggest gambling house in Den-
ver, Col., is run by a woman—Mrs.
John Gath. All kinds of games are
played and a policy shop connected and
Mrs. Gath is the general manager of
the den. Here's a new field for Mrs.
Nation when she is through with
Kansas.

Mme. Petit, the leading woman law-
yer of Paris, is the head of a society
to taboo kissing under all circum-
stances. The incentive of the club is
better health through the lessening of
diseases. Sweethearts and married
couples are even to be urged to join
the society. There is no joke in this,
though the society is a creation of
France.

Though murder has been committed
and much property destroyed the joint
smashing business flourishes in Kan-
sas. Mobocracy promises to grow into
a permanency. "To the stars through
difficulties," the motto of the state,
might, with reason, be changed to
"difficulties through the stars," ac-
cepting Mrs. Nation, Mrs. Lease, et
al., as the stars.

Russia and America won't quarrel
about the so-called prohibitory tariffs
of each country. They may as well
have a friendly understanding as not.
Russia will be too exacting, and all
will again be serene. Trade has a
wonderful influence, it being the old
game of "you tickle me and I'll tickle
you," or reciprocity.

The opposition of the Democratic
party and members of congress to all
the measures of the majority repre-
senting the administration at Wash-
ington is suggestive alone of a rule or
rule policy and nothing else. Nothing
is ever proposed, but it is a
constant objection without the least
reason. But this is not surprising,
for it for years has been with Democ-
racy a constant purpose to distract
by preventing an upholding of its
own.

China's constitution will not be pre-
sented to congress at the present ses-
sion. It is reported that the instru-
ment is nearly completed, and that the
finishing touches are being put
upon it. In fact, the Chinese have
made about as good speed with their
charter as the Americans did with the
constitution framed in 1787. The
Philadelphia convention was in session
about four months, which is
slightly longer than the time which
has elapsed since the Havana con-
vention opened. If the Cuban con-
vention is dealt with by congress

December an extra session
will be held. The Indians
will be the next session.

POPULATION.
Europe has seen wonderful changes
in population in the last one hundred
years that have aroused discussion
among statesmen of the continent, es-
pecially among Frenchmen, who are
trying to explain away figures that
tell a sorry tale for them.

M. Jules Roche in the Figaro sets

forth that the population of Europe in

1801 was 175,000,000. In our cen-
tury it has increased to 320,000,000.

In the areas covered by this change in
population, wars and diplomacy have

ruthlessly robbed one nation and add-
ed to another.

In 1801 France had a population of

33,000,000 in what M. Roche

calls "natural frontiers." This popu-
lation was "superior in number, in
cohesion, in vigor, to every other na-
tion except Russia." Now, France,
with contracted limits, has a popula-
tion of but 28,000,000 of people.
Within these same limits, the number
of people in 1801 was 26,000,000; so
the increase has been but 12,000,000.

Such a small ratio of increase has

made France fall from being the fifth
part of Europe to the tenth. How-
ever, despite this showing, M. Roche

hopefully points out that in "real au-
torities" France is not so backward.

He lays claim to a greater in-
tensive genius in France than can be

found in any other nation of a like

population. So that, after all, allow-
ing his premises that mind is what
counts, France is near the head of

the nations.

Every other European nation has

made a large increase in population.

England has jumped from 16,000,000
to 41,000,000; Russia from 36,000,000
to perhaps 135,000,000; the old Ger-
man Empire to 56,000,000; Aus-
tralia and Hungary from a like num-
ber to 45,000,000, and Italy from com-
paratively nothing, owing to its non-
existence as a nation, to 32,000,000.

Even greater than the changes in
the population of European countries
has been the change in the reputed
population of the world. Leaving
the Americans out of consideration,
"active humanity" one hundred years
ago was less than 200,000,000. France
dominated this number with one-sixth
of its population. At this day it is
estimated that the progressive peoples
number 800,000,000, with the domi-
nation of France removed.

In counting the present day popula-
tion of the world, it should be remem-
bered that a century ago Africa was

on the map as the "unknown land."

Europe had no estimate of the popu-
lation of Japan, India or other Asiatic

countries outside of China, which

then was less than 200,000,000. France

dominated this number with one-sixth

of its population. At this day it is

GIVEN TOWN

Mayor Pro Tem. Davis Extends the Freedom of the City to the Elks.

A MOST ENJOYABLE TIME
Visitors from Cairo Royally Entertained by the Paducah Lodge Last Evening.

THREE CANDIDATES WERE INITIATED

Paducah Lodge has put another notch in its long array of pleasant sojourns. Last night the Cairo boys came to town, and although the weather was rather cold and unpleasant, the reception tendered the crowd was as warm and hospitable as could be wished. The Dick Fowler arrived about 8 o'clock and at the wharf was met by the lodge, which had concluded its business meeting and adjourned there in a body, and the Carnival band, to say nothing of the usual crowd of sight-seers.

A procession was formed and came around Jefferson street past the Palmer house, thence to Elks hall.

The three victims of the evening were Messrs. F. C. and Wm. Hoerter, the brewery men, and Mr. James McNulty. The Cairo Elks enjoyed the superior work of Paducah lodge immensely, and at the conclusion of the ceremonies, Captain Henry Bailey, in behalf of Mayor Pro Tem. G. R. Davis, and the police department, tendered the Cairo visitors and Paducah lodge the freedom of the city, and told the boys to take what they wanted and all of it they wanted, and if there was anything they wanted and couldn't find, to notify the city and it would be furnished free of charge. Wild applause greeted the night captain's remarks.

The social session began about midnight, and Mr. Alvin C. Atkins was chairman.

Refreshments and cigars were served with the best of stories, musical numbers, songs, and other forms of amusement. Mr. Clarence L. Nichols, of Cairo lodge, proved a whole show in himself, and the others would have willingly remained all night if he had just kept talking.

There were about 300 in attendance at the social, and the visitors were as follows:

Messrs. Clarence L. Nichols, Cairo, 651, Chas. Feuchter, Jr., Cairo; Dan L. Williamson, Cairo; Mr. Williams, Cairo; F. J. Fitzgerald, Cairo; Douglass Halliday, Cairo; John W. C. Fry, Cairo; P. H. Schnell, Cairo; Wm. H. Moursy, Cairo; Arthur Herbert, St. Louis N. 1; Lou Johnson, Owensboro; Robert E. Read, Evansville; F. D. Bratley, Hamilton, O., 93; G. W. Wrigan, Hamilton, O.; Jack Mann, Shreveport, La.

The Cairo crowd returned on the Dick Fowler this morning at 8 o'clock very earnest in their expressions of enjoyment of Kentucky hospitality. They are a nice lot and have a cordial invitation to come back at any time and get all that's left.

Four members were initiated into the Mayfield Lodge of Elks Hall last night. Those initiated are Gus Coulter, Robert Shahan, Tom Gardner, of Terrell, Tenn., and a young man from Hickman.

AGAIN LEFT OPEN.

The cases against Berry Hubbard and Naomi Palmer, charged originally with a breach of the peace committed by engaging in a fight in the Kuhn yard, were again left open by Judge Sanders today. They are to be warranted for malicious cutting and false swearing.

A MISUNDERSTANDING.

Misunderstood symptoms of disease lead doctors to treat something else when the kidneys are out of order.

FOLEY'S KIDNEY CURE will bring your health when other medicines have failed. Take no substitutes.

JESSE ELLIS ACQUITTED.

Jesse Ellis, colored, was arrested by Watchman Willis Morgan yesterday afternoon for stealing coal in the railroad yards. The evidence showed he only picked up a few lumps, and they were outside the track. He introduced evidence showing a good reputation for honesty and was promptly acquitted.

Are you nervous, run down, weak and dispirited? Take a few doses of HERBINE. It will infuse new energy, new life into the exhausted nerves, the overworked brain or muscular system, and put a new face on life and health. Price, 25 cents.

A COOD DEAL OF NONSENSE

ABOUT "BLOOD PURIFIERS" AND "TONICS"

Every drop of blood, every bone, nerve and tissue in the body can be renewed in but one way, and that is, from wholesome food properly digested. There is no other way and the idea that a medicine in itself can purify the blood or supply new tissues and strong nerves is ridiculous and on a par with the old idea that dyspepsia or indigestion is a germ disease or that other fellacy, that a weak stomach refuses to digest food can be made to do so, by trituration and inflaming the bowels by pills and cathartics.

Stuart's Dyspepsia Tablets cure indigestion, sour stomach, gas and bloating after meals, because they furnish the digestive principle which weak stomachs lack, and unless the deficiency of peptin and diastase is supplied it is useless to attempt to cure stomach trouble by the use of "tonics," "pills" and "cathartics" which have absolutely no digestive power, and their only effect is to give temporary stimulation.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 8,000 grains of meat, eggs and similar foods, and experiments have shown that they will do this in a glass bottle at proper temperature, but of course are much more effective in the stomach.

There is probably no remedy so universally used as Stuart's Dyspepsia Tablets, because it is not only the sick and ailing, but well people who use them at every meal to insure perfect digestion and assimilation of food.

People who enjoy fair health take Stuart's Tablets as regularly as they take their meals, because they keep them well; prevention is always better than cure and Stuart's Dyspepsia Tablets do both; they prevent indigestion and they remove it where it exists.

The regular use of one or two of them after meals will demonstrate their merit and efficiency better than any other argument.

LITTLE HOPE.

Tuscaloosa, Ala., Feb. 22.—The fate of the thirteen negro miners tombed in the Asylum mines yesterday afternoon after a rush of water from an abandoned shaft is still problematical. The rescuers have been unable to make any headway in pumping out the water, as the mine walls are rapidly as it is pumped.

IN COURT OF APPEALS.

Frankfort, Feb. 22.—In the court of appeals today the case of the Mayfield Woolen Mills vs. City of Mayfield was submitted. Mills vs. M. S. Keel, Graves county, petition for rehearing overruled.

CLINTON'S HANGING.

Clinton, Ky., Feb. 22.—Tom Cole,

the negro convicted of murdering a woman, will be hanged April 26.

It will be the first legal hanging in this county.

"I have always used FOLEY'S HONEY AND TAR cough medicine, and think it the best in the world," says Chas. Bender, a newsdealer of Erie, Pa. Nothing else is good.

A sun motor on an ostrich farm,

near Los Angeles, runs a ten horse

power engine from an hour and a half

after sunrise to within half an hour

It seems to have proven itself a practical
